

A Kiss Isn't Just a Kiss

Study the picture and answer, in writing, the following three questions:

1. What is the focus of the photograph?
2. What appears to be happening in the city?
3. Is the photograph surprising in any way?

Now speculate on what is the story behind the picture. Talk about what you think is the explanation for the picture and plot out a sequence of events that lead the couple to be where they were, doing what they appear to be doing, in a riot.

In the form of a spoken story, tell me what you think happened.
