

Passive Voice

1. Processes

In pairs answer these questions about Chile:

What raw materials are produced?

What is manufactured?

What alcohol is made?

What is done with the rubbish?

What is exported?

What is imported?

How are politicians elected?

Which sports are played?

How is electricity generated?

Select a pair of words and list the stages of the process that makes one into the other. For example, *cacao / chocolate*:

- The cacao seeds are grown.
- They are picked and dried.
- The seeds are shipped to the factory.
- At the factory, they are roasted.
- After roasting, the seeds are crushed.
- The pieces are ground into a fine paste.
- Cocoa butter and sugar are added.
- The resulting mixture is ground until it's smooth.
- The chocolate is poured into moulds.
- The moulds are chilled to create chocolate.

*grapes / wine, wheat / bread, coffee beans / coffee, tree / book, sheep / jumper,
iron ore / spoon, grapes / pisco, hops / beer, fish / ceviche*

2. Famous people
