- a. Look at the following text. Read it to yourself. When you feel happy that you know how to say the words, read it aloud:

Air Jordan is a US brand of basketball shoes, athletic, casual, and style clothing produced by Nike. It was created for Hall of Fame basketball player and six-time NBA Finals MVP Michael Jordan. The original Air Jordan sneakers were produced exclusively for Michael Jordan in late 1984, and released to the public on April 1, 1985.

The Air Jordan I was originally released from 1985 to 1986, with re-releases (known as "retros") in 1994, 2001–2004, and 2007 to the present. Along with the introduction of the Retro Air Jordan line ups, the brand has elevated to a household notoriety with star-struck collaborations and unique limited releases. The Air Jordan 4 Retro Women's Shoe delivers responsive cushioning with heel and forefoot Air-Sole units for street-ready comfort. Leather on the upper offers a premium look and heritage style.
