

## Rule No. 2 – Definite Article

When something is the same:

- We live in the same street.
- We are the same age.
- Julie and George are the same height.

Right or wrong! Look at the following exercises. Decide if they are correct or if they should be corrected:

1. 'Are these two books different?' 'No, they are the same.'
2. Kathleen and Fran live in same city.
3. I am same weight as Felipe.
4. Lima and Santiago are both the capital cities.
5. My sister and I both have the same colour eyes.
6. German and Chinese cars are very different.
7. The three towers in the Torre Titanium Park are same height.
8. Identical twins are exactly that. They look exactly the same.
9. Giant and Trek bicycles are same. They have very similar parts.
10. My children are not same. They behave very differently.
11. I arrived at 8.30 and so did you. We arrived at the same time.
12. Jim and Sue are both 25. They are the same age.
13. I've got no money and neither have you. We've got same problem.
14. My shirt is blue and so is my jacket. They are the same colour.
15. I live in Providencia and you do too. We live in same neighbourhood.
