

### **Rule No. 3 – Definite Article**

For things like the sun, the moon, the world, the sky, the ocean, etc. and with the names of sea, oceans, rivers:

Look at the following short story. Decide where the word should be inserted into the story. You should be able to use the word 'the' at least 7 times:

"I live in countryside. It is so nice to wake up in the morning to the sound of the birds singing. I woke up on Saturday just like this, and I was even happier as sky was blue and sun was shining. It felt good to be alive. It was such a beautiful day that I decided to take a picnic down to river and enjoy the fine weather. I had a great day out and I felt super happy. "Isn't world a beautiful place to live in", I said to my friends as we walked home in the late afternoon. We had an extra treat that night as it was a full moon so we'd had sun shining all day and then moon shining all night. Life is good."
