

Simple Future - Stories

1. Katie's birthday party:

On Saturday, Katie is going to be one year old. Katie's parents are going to have a birthday party.

How old is Katie going to be?

Who is going to have a birthday party for her?

The party is going to begin at noon on Saturday. Many people will be at the party. Katie will have so much fun!

What time is the party going to start?

Will there be a lot of people or a few people at the party?

Katie's dad is going to cook hamburgers. Katie's grandmother is going to bring ice cream.

What is Katie's dad going to cook?

Who is going to bring ice-cream?

Katie's aunt is going to bake a cake. It will be a chocolate cake. Katie will love her cake!

Who is going to bake a cake?

What type of cake is it going to be?

All of Katie's relatives will bring presents. Katie is going to open her presents after lunch. Then, everyone will eat cake and ice cream. Katie is going to have a good first birthday!

When will Katie open her presents?

What is going to happen after this?

2. Tennis tournament:

This weekend, Erica is going to compete in a tennis tournament. She will practice hard all week because she wants to win the tournament.

What two things is Erica going to do?

Why is Erica going to practice?

The winner is going to receive \$1,000. Erica hopes she will get first place!

How much is the winner of the tournament going to win?

Erica's husband Tom is going to travel to the tournament with Erica. He will see her compete. He will sit in the stands and cheer for Erica.

*Who is going to go with her to the tournament?
Where will he sit when Erica is playing?
What will he do?*

He is going to be proud of Erica even if she does not win first place. Erica's parents are not going to travel to the tournament. They will watch the tournament on television. They will cheer for Erica at home. They are going to be proud of Erica whether she wins or loses.

*Who isn't going to go to the tournament?
Where will Erica's parents watch it?*

3. Boris the Astronaut:

Boris is a Russian astronaut. Today, he is going to travel into outer space. At noon, his space shuttle is going to launch into space.

*What is Boris going to do?
What time is he going to leave?
How is he going to get into outer space?*

Boris and the other astronauts are going to travel to the International Space Station. They will stay in space for almost 6 months.

*Where is Boris going to travel to?
How long will he stay there?*

The crew is going to continue research at the space station. They will do some experiments. They will record their data. They are also going to do some repairs on the space station.

What two things are the crew going to do?

Boris will learn a lot in space. He is going to make videos of his time on the space station. His family will watch the videos on the internet. They will see what Boris is doing in space.

*What will Boris do to record his trip in space?
Who will watch the videos?
Where will they watch them?*
